#### **DIMENSIONAL MEASUREMENT ACCREDITATION**

**Congratulations!** We are pleased to announce that Touchstone Measurement Service has met the requirements of the Delco Electronics Corporation Dimensional Measurement Accreditation Program.

Full accreditation is granted to Touchstone Measurement Service, and may now perform Dimensional Inspections on any part manufactured by Delco Electronics or its suppliers. The dimensional data you supply can now be used for the purpose of granting dimensional part approval.

Delco Electronics or its Suppliers are required to provide Data forms to you for all part inspections that you perform for them. If the data forms are not provided, you may use AIAG Forms CFG-1003 or equivalent. If you have any questions on the forms or the DMA program, please contact Dick Keller (317) 451-3145.

Your management and staff can take pride in this important achievement.

Sincerely yours,

A handwritten signature in black ink that reads "Dick Keller". The signature is written in a cursive, slightly slanted style.
